

STRENGTH TRAINING SERIES SOLID OAK PLATFORM SPECIFICATIONS

Solid Oak Platforms with insets are available as an option with the Half Rack, Power Rack, Multi-function Rack, Double Half Rack, Power Half Rack and on both sides of the Triple Combo Rack. Platforms include solid oak wood finished with polyurethane in the center, with the outer 1/3rd of each side of the platform covered with rubber matting. Platforms can be used alone or as a transition to an adjoining strength platform. Solid oak platforms come standard with a steel frame. All platforms can be customized with a logo.

- Construction** A three-piece unit that has a 1" MDF Board base is aligned using a Dado Joint construction. The center lifting surface is 3/4" Solid Red Oak Flooring nailed into the MDF center section. 3/4" Rubber Matting is attached to both outer side sections.
- Dimensions** STS Solid Oak Platforms are available in 8' x 8' and 8' x 6'. Also available is an 8' x 4' for use with transitions only. All platforms are 1 3/4" tall. The center wood section is 42" wide; each outer rubber section is 27" wide.
- Transitions** Transitions are available for the Half Rack, Power Rack, Multi-Function Rack, Double Half Rack, Power Half Rack and both sides of the Triple Combo Rack.
- Logos** Logos are available for all the STS Platforms. Logos are prepared using digital art supplied by the customer. Vinyl logo colors can be matched to PMS color standards. Logos received in a format other than digital JPG, PDF, BMP, TIFF, EPS or AI files may incur additional charges. Additional vinyl samples may require additional charges. (See attached Customization FAQ's and Equipment Customization Order Forms).
- Shipping** STS Platforms can be shipped by LTL Common Carrier. This freight is categorized and shipped as Class 55 freight. York will use Class 55 to keep the true value of the Platforms. Class 50 freight implies that the material is Raw Wood Products, which is not well insured by freight companies.
- Frames** 12 Gauge Formed Steel frames come standard with the STS Solid Oak Platforms. These frames are supplied in a Matte Black finish and all required hardware is supplied.
